THE FLEUR DE SEL - Premium Fresh Sea Salt

The name "Fleur de Sel" derived from the flower-like patterns of crystals in the salt crust as it evaporates. Hand-harvested in very small quantities only during sunny, dry, and light steady winds. Fleur de Sel is the gourmet standard for finishing the prepared meal and desserts. Fleur de Sel is the most expensive of salts.

SEA SALTED NUTS

Fleur de Sel nuts variations, flavored with our sea salt mixes.

May it be "Marcona" - the world's best Valencian almonds - spiced up with our fine "Flores" blend or fine cashews covered in our Granito "Spicy Cajun" that evoke memories of the traditional Southern cuisine.

Our „Smoky BBQ“ nuts are carefully selected American peanuts which achieve their smoky flavor through a coating of zesty sweetness.

No peanuts and no sultanas! Instead big, fruity and sweet sun-dried Muscat grapes, extra crunchy Brazil nuts, fine cashews, aromatic almonds, Californian walnuts and delicious hazelnuts, seasoned with a pinch of our best „Fleur de Sel“. In short: the upscale snack for in between!
